Canon PIXMA MG240

Overview

Easy to use, space-saving All-In-One printer, scanner and copier in a stylish white finish offering optional cost-effective XL ink cartridges and software for smart website printing.

Benefits

- Compact All-In-One for the home: print, copy and scan

- Stylish design with all white finish

- High quality prints with up to 4800dpi and FINE cartridge technology

- Optional XL ink cartridges deliver more prints for less

- Auto Power On turns the printer on when you start printing; Auto Power Off switches it off when not in use

Detailed Features

Take a more detailed look into the Canon PIXMA MG2540

Compact, stylish All-In-One

Ideal for everyday printing, scanning and copying, this speedy All-In-One includes the FINE cartridge system for high quality photos and documents. Its compact design with stylish white finish takes up less space at home and ensures effortless paper loading and ink replacement.

Fast, quality printing

The FINE cartridge system with min. 2pl ink droplets and up to 4800dpi print resolution delivers great levels of detail. With A4 ISO ESAT speeds of 8.0ipm mono/4.0ipm for color, there's almost no waiting for your documents to print.

Save money on ink

Print more for less. XL FINE cartridges deliver significantly more pages and last longer between ink replacements – ideal if you print frequently - and can deliver up to 30% savings per page compared to their standard equivalents.

My Image Garden

One-stop software, which uncovers the full PIXMA experience, with solutions for organizing and printing your photos, scanning and accessing online services. Advanced features like face recognition make it easy to search through all the photos on your PC, even those long forgotten, and use them to create attractive new designs for printing.

Smart web printing

The Auto Clip function of the Easy-WebPrint EX plug-in for Internet Explorer makes it simple to print only what

CREATIVE PARK PREMIUM

This online service allows you to download and print photos, illustrations and craft designs from internationally

you need from the web. You can also clip selected information from multiple web pages to print on one sheet or save as a PDF file.

recognized photographers and artists. Create professional looking greeting cards, calendars or amazing 3D paper crafts.

Save energy

Auto Power Off automatically switches the printer off if not used for a set time – saving you energy. Auto Power On conveniently turns the printer back on when you start printing. Quiet mode can significantly reduce operating noise for near silent printing at home.
