

EMAX Brushless Multi Copter Motor CW/CCW for 3s lipo 750G Thrust**Model: MT2213-935KV****Description:**

- This Combo is to be used with 3S Lipo battery pack
- Multi copter motor 2213-950KV (1pcs)
- Thread: CW/CCW(optional, default CW)
- Brushless Motor for use in multi copters such as tri, quad, hex and octo, with the ability of transient response and stability.
- High efficiency with better materials

Specifications:

- Type: MT2213-935KV
- No. Of cells:3-4s Li-Poly
- RPM/V:935 RPM/V
- Dimensions:27.9x25.7 mm
- Weight:55g
