D1 Labels
Standard, Permanent or Flexible… Depend on durable DYMO labels.

Standard labels* for hundreds of tasks around the office or home office, such as filing, storage, asset management, and reminders. Available in continuous label cassettes, you can create sharp, easy-to-read labels of just about any length.

Permanent labels look the same as standard labels but offer a powerful, permanent adhesive for when you want a label to stay put indefinitely.

Flexible labels are for curved and/or heavily textured surfaces and flag-marking cables. Its permanent adhesive means it will stay put.

Easy Peel	UV Resistant
Water Resistant	*Temperature: -40°F to 194°F
