

PRO STREAM WEBCAM

Model:C922

Features:

1- Optimized For Streaming And Recording:

Connect with superior clarity every time you go live on channels like Twitch and YouTube. Stream anything you want in your choice of 1080p or fluid HD 720p at 60fps. Broadcast your gameplay in full HD with integrated background replacement (Powered by Personify), reliable no-drop audio, autofocus, and a 78-degree field of view. Includes free 3-month premium XSplit license.

2- Full HD 1080P At 30FPS / 720P At 60FPS Streaming:

Stream and record vibrant, true-to-life HD 1080p video that captures the most exciting details. Get fast, smooth uploads with H.264 – advanced compression technology that demands less network bandwidth.

3- Customizable Background Replacement:

Powered by Personify - Only works on Windows 7 and above.

Integrate live images while broadcasting and interacting with your audience. This built-in, advanced feature lets you build a visual theme for gameplay and stand out from the crowd.

4- Automatic Low Light Correction:

Stream clear video even in dim light. Video automatically adjusts to accommodate flickering room lights or multiple computer screens.

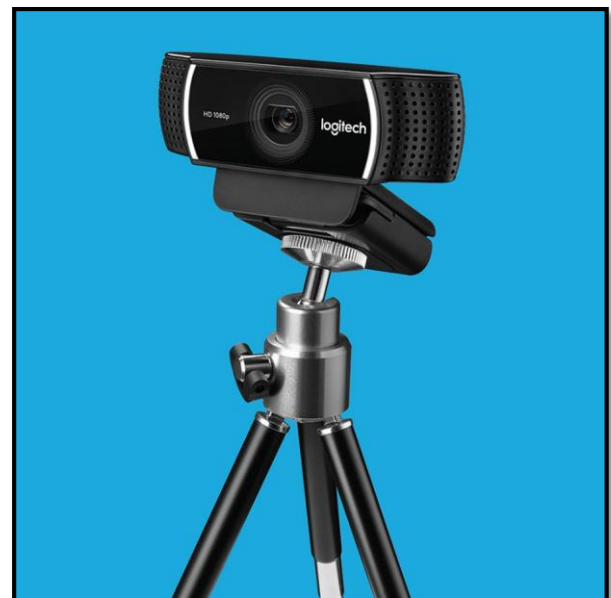

5- Capture Stereo Audio From Every Angle:

Two omnidirectional mics ensure clear, no-drop streaming and recorded video.

6- Tripod

Fully adjustable tabletop tripod with swivel mount. Extends to 18.5cm.
