

8 x double-speed buttons+1 E-stop

Model:XAC-A8913

Specifications:

- Control station name XACA
- Control station type double insulated
- Enclosure material Polypropylene
- Electrical circuit type Control circuit
- Enclosure type Complete ready for use
- Control station application
- Control of double speed hoist motor
- Control station composition
- 8 pushbuttons double speed+1 emergency stop
- Protection Level:IP65
- Max. Current: 10A
- Max. Voltage: 600V
- Contact blocks:ZB2-BE101
- Color: Yellow

Made in China
