

Video Tripod with Head, Aluminum ***Model:KH26P***

Overview:

The BENRO KH26P Video Tripod Kit is ideal for compact digital video cameras, HD SLRs, and still cameras with long lenses weighing up to 11lb (5 kg). This tripod replaces the popular KH26NL model and features continuous pan drag and an improved camera plate design. Now you can control the amount of tension while panning left to right for smooth and stable movement while recording.

The KH26P features a 60mm bowl and head-mounted bubble level to ensure proper alignment for accurate camera placement and level panning. An interchangeable pan arm allows both right and left-handed use. The sturdy and lightweight tripod extends from a minimum height of 33.9 in (86.0 cm) to an impressive maximum height of 72.0 in (182 cm) allowing you to handle the camera comfortably. Twist-lock levers on the dual stage leg system allow you to make specific height adjustments rapidly and easily. The tripod can be folded to a length of 35.2 in (89.4 cm) making it easy to transport. A padded soft case is included at no extra cost.

Features:

- Continuous Pan Drag - Control the amount of tension while panning left to right for smooth and stable movement while recording.
- Carrying Case Included - A padded soft case is included for transport and storage.
- Improved Camera Plate - Features 2 spring loaded anti-rotation pins which prevent any camera rotation around the camera screw. These are specifically designed for smaller mirrorless or HD SLR cameras. They are spring loaded for convenience when using larger cameras.
- Supports up to 11lb - Ideal for compact digital video cameras, HD SLRs, and still cameras with long lenses.
- Retractable Spiked Feet - The spiked feet are built in and can be accessed while recessing the rubber feet.

Specifications:

- Item Includes: KH26P tripod with head, Camera plate, pan arm, Carrying Case with strap.
- Product Height (cm): 184.5
- Product Length (cm): 19.0
- Product Weight (kg): 4.0kg
- Product Width (cm): 19.0
- Quick Release Camera Thread Size: 0.25
- Back Tilt Range: 0-75°
- Closed Length (cm): 91.0
- Converts to Monopod: No
- Counterbalance: Fixed
- Drag Control: Fixed
- Foot Mount: M10*1.5
- Foot Size (mm): 81.63*59.6
- Foot Type: EPDM
- Forward Tilt Range: 0-90°
- Head Mount: 0.375
- Head Type: Video
- Leg Diameter 1 (mm): 18
- Leg Diameter 2 (mm): 14
- Leg Diameter 3 (mm): 14
- Leg Material: Aluminum
- Leg Sections: 3
- Maximum Height (cm): 184.5
- Maximum Payload Capacity (kg): 5.0kg
- Minimum Height (cm): 87.5
- Pan Drag: Fixed
- Pan Lock: Yes
- Panning Range: 0-360°
- QR Plate - Length (cm): 10.0
- QR Plate - Width (cm): 5.0
- Quick Plate Safety Mechanism: Yes
- Quick Release Plate Lock: Yes
- Quick Release Type: QR11
- Replaces (SKU): KH26NL
- Separate Panning Lock: Yes
- Tilt Drag: Fixed
- Tilt Lock: Yes
- Base Mount Diameter (mm): 72
- Leg Type: Round Tube
- Base Mount Thread: 0.375
