

PCI Fax Modem 56K

Features:

- Built-in PCI Modem
- No external power supply
- Hot swappable function
- Fully compatible with ITU V9.2/K56Flex 5600bps on desktop
- Support MNP5 data compression protocol to make transmission more efficient
- Thunder circuit, enhance its anti-lightning performance

Technical Parameters:

- Data Protocol: ITU-T V.92, V.90, V.34, V.32 bis, V.32, V.22 bis, V.22, V.23, V.21, Bell212A, 103
- Fax protocol: V.17, V.29, V.27ter and V.21 Channel 2 fax protocol, fax speed up to 14400bps Data error correction: V.42 LAPM and MNP2-4
- Data compression: V.44, V.42 bis and MNP5
- Command System: EIA / TIA 578 Class 1, Compatible with Hays AT Instruction Set
- Flow control mode: software (XON/XOFF) or hardware (RTS/CTS) flow control
- Dialing mode: audio, pulse protection circuit: fast reactive semiconductor lightning protection circuit, enhance its anti-lightning function
- Configuration requirements: P133 or higher driver support: Windows95, Windows98, Windows ME, Windows2000, WindowsXP
- Transmission protocol DCE speed: up to 56000bps
- DTC speed: up to 115200bps

Package Contents:

- 1x PCI Fax Modem 56K
- 1x CD drive (with manual document inside)
- 1x Telephone line

Made in China
