Digital Price Computing Scale

Description:

The ACS series Price Computing Scale is Low Cost Highly accurate measuring equipment most suitable for Super markets, Grocery Stores and other retail outlets.
This scale is made using highly accurate and precise sensors. It has a capacity to store up to 8 unit prices and 99 accumulation memory. It is a versatile machine, because it also runs on rechargeable battery in case of lack of mains power. The scale will also automatically switched off when it is in non-use condition, in order to save power.
