

Single LCD Monitor Desk Mount 27"~55"

Model:D114XL

Description:

This fully adjustable Monitor Stand with smooth adjustment allows for a better viewing angle which encourages healthy body positioning and helps reduce fatigue and strain on the neck, shoulders, and eyes. Ensure maximum stability for your workstation setup, and bottom side padding is included to protect your desk surface from scuffs and scratches. Assemble is easy with all hardware and instructions included to get your stand assembled and screen mounted in no time!

Features:

1. The elegant engineering keeps your work space looking modern and sleek.
2. 3 fully adjustable joins with 180°swivel function.
- 3 .Fits most flat panel monitors up to 55".
4. Arms extend and retract, tilt to change reading angles, and rotate from landscape-to-portrait mode.
5. System of clips integrated to keep potentially messy cords clean and organized.
