

# K375s

Multi-Device Wireless Keyboard  
and Stand Combo

## REINVENT THE WAY YOU WORK.

Enjoy comfortable typing on your computer, smartphone and tablet – all from one fully equipped, spill-resistant keyboard. The K375s Multi-Device redefines what a desktop keyboard can do, letting you switch typing easily between all the devices you enter text on. It connects to three devices at once so you can write an email on your computer, then reply to a message on your phone with the same keyboard, at the touch of a button. Enjoy fluid typing on quiet keys. It works with Windows, Mac, Android and iOS and includes a universal stand to hold your mobile device at a perfect angle and within reach.
