

USB D Lithium Rechargeable Battery, High Capacity 1.5V 12000mWh Fast Charge, 1200 Cycle with Type-C Port Cable

Description:

Important Safety Information:

- 1) When inserting batteries into your device, please take care to match the right polarities (+ and - ends) marked on the battery to the device;
- 2) Batteries which are incorrectly inserted into devices may be short-circuited.
- 3) Our lithium batteries use the highest quality cells of the safest technology and pass 14 safety tests; our batteries are safety and reliability.
- 4) Provide always Fresh new Power. Embedded with innovative technology, solid output 1.5 voltage from 100% to 0% electric capacity, providing constant voltage and best performance even in very heavy load.

Compatible with 99% of battery-powered devices on the market.

Save for you!

10 million batteries are thrown away every day. One pack of LANKOO USB rechargeable lithium batteries can replace up to 4,000 alkaline. Use our new generation rechargeable batteries can save your money, more important significantly reduces pollution to our lived environment.

Features:

USB Direct Charge, No More Chargers
No more Extra/Special Charger needed. Connect the USB cable to any USB port for a convenient, such as phone charger, power bank, laptop, car adapter, computer, USB wall charger etc... fast charging experience at any time any where.

operating temperature:
-20 to 60 degrees C, Adapt to more environments.

Multiple Protection, Safer
*Input High Voltage Protection
*Output High Voltage Protection
*Input Current Regulation
*Output Current Regulation
*Input Short Circuit Protection
*Output Short Circuit Protection
*Automatic Current Metering
*Output Temperature Control

Widely Applicable
D batteries is compatible with home appliances, such as LED candle, flashlight, ortable CD and MP3 players, digital camera, children' toys and so on.

Specifications:

- High Capacity: 12000mWh
- Battery Life: 1200 Cycles
- Recharge Port: Type C
- Charging Time: 4.0 H Fast Charge

Package Includes:

- 1 x D Rechargeable Batteries
- 1 x Type C USB Charging Cable
- 1 x Storage Cases

Led indicator

Charging--the RED led blinks,
Fully charged--the RED led remains on.

Let you know when they are fully charged. Thanks to the advanced Lithium Ion technology, your batteries will last over 1200 times charges. They charge fast and easy, so if you need to put them to work and suspect they are not full, just plug them in for a little while and you'll be good to go very soon.
