

# VARISTOR

## Model: 20D471K

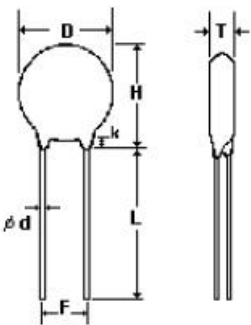

### Specifications:

|                                                    |                       |           |
|----------------------------------------------------|-----------------------|-----------|
| Maximum allowable voltage                          | AC <sub>rms</sub> (V) | 300       |
|                                                    | DC (V)                | 385       |
| Varistor voltage (V)                               |                       | 423 – 517 |
| Clamping voltage (max)                             | (V)                   | 775       |
|                                                    | I <sub>p</sub> (A)    | 100       |
| Rated wattage (max)                                |                       | 1.0       |
| Surge Current (8/20μs) I <sub>tm</sub> (A)         | 1 time                | 10000     |
|                                                    | 2 times               | 6500      |
| Maximum Energy (10/1000μs) W <sub>tm</sub> (joule) |                       | 350       |
| Surge life (A)                                     |                       | 250       |

### Dimensions (mm):

|          |           |
|----------|-----------|
| D        | 20        |
| H (max.) | 26.5      |
| T (max.) | 5.6       |
| F        | 10.0± 1.0 |
| φd       | 1.0± 0.1  |
| L (min.) | 25.0      |
| k (max.) | 3.0       |
