- Transmission distance: 120-220m.

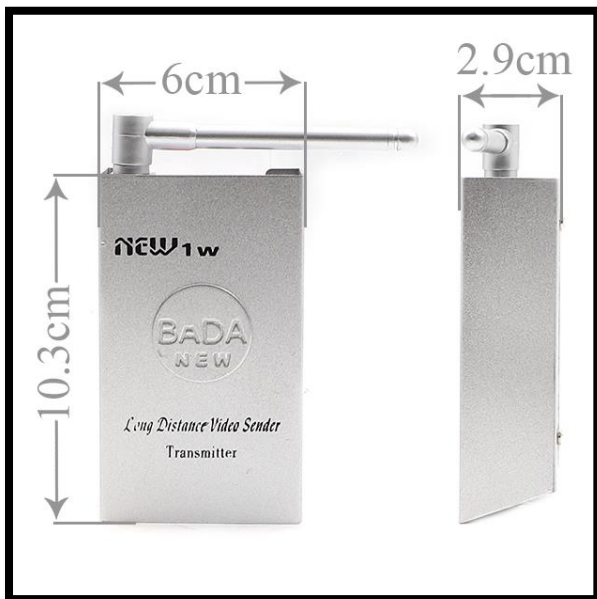

Specifications:

- 2.4GHz Wireless Audio-Video Transmitter
- Long Distance Coverage: 100-400 feet
- Receiving Frequency: 2411-2431-2451-2471 MHz
- Wide transmitting range (depending on environments)
- Transmitter input: RCA Video- in + Audio-in R / L
- Receiver Output: RCA Video-out + Audio-out R / L
- Superior Performance by FM Modulation
- Power Output: 2W
- Power: DC 9.5V - 500mA
- Dimension: Transmitter: (W) 60 x (H) 120 x (D) 30 mm
Receiver: (W) 60 x (H) 120 x (D) 30 mm

Package Includes:

- 1 x Transmitter
- 1 x Receiver
- 2 x Power Adapters (AU Plug)
- 1 x User Manual
