Led Module LMR 5050-3 Blue

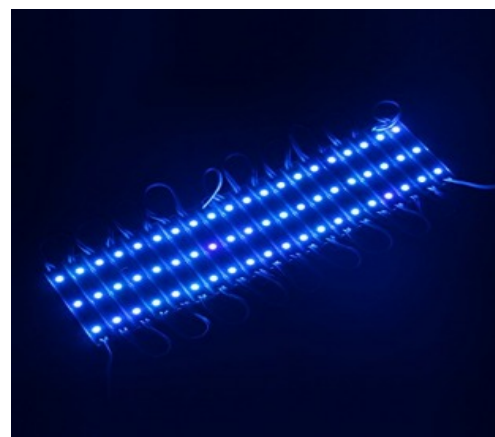

Features:

- Super bright SMD top LED &Wide viewing angle, no spot and shadow.
- Low power consumption& operating voltage, safe and energy saving.
- Can be easily installed with 3M double-sided sticking tape and connectors.
- Our products have passed CE/ROHS Cert.

Technical parameters:

No/LED	3pcs 5050SMD
Consumption	14.4W
Voltage	12VDC/12V
Angle	140-150degree
Current	1.20A
Lumens	12-14
IP Rank	IP65
Color	Blue
Size	7.7*32 cm
life Span	over 100,000H

Applications:

- Widely Used in Household Lighting.
- Backlighting for Advertisement, Signboard and Billboard.
- Backlighting for lighting box.
- Signal Lamp for Channel.

Instructions:

- This product applies in 7 ~ 10 cm thickness, small-size and medium LOGO Plastic Light Box.
- SMD LED light with large and uniform emitting angle, no shadow, low thermal resistance, low brightness low brightness degradation
- This module could be linked up to 40pcs modules, more than 40pcs is strictly prohibited.
- The diameter of the power cord should be based on the actual maximum current ,the product power, cable length (recommended no more than 6 meters), and the voltage of transmission line .
- Please connect wires following positive and negative markings on the circuit board.
