

# Analog Satellite Finder Meter with LCD Display

Model: SF-9505B

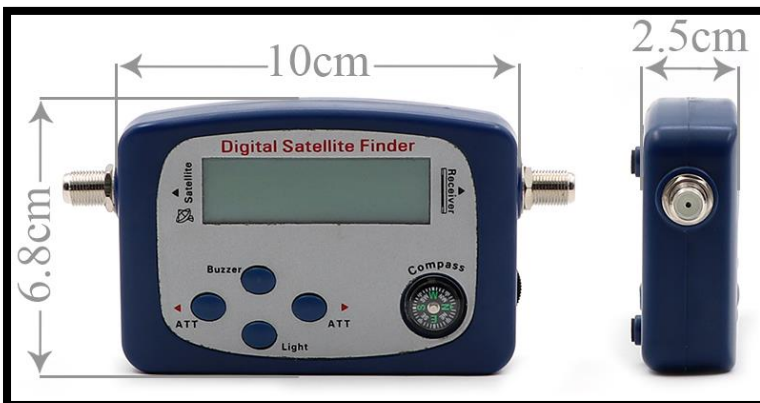

## Features:

- ❖ Use LCD to display the satellite signal intensity.
- ❖ Built-in buzzer.
- ❖ With LCD backlight, buzzer and attenuation control function.
- ❖ DC pass to LNB.

## Specifications:

- Frequency Range: 950-2150MHz
- Supply Voltage: 13-18V DC
- Input Level Range: -40dBm~ -10dBm
- Operating Temperature: 0°C~ +40°C
- Impedance: 75Ω
