

Wireless RCA A/V Sender

Model: PAT-220

Description:

The product consists of a transmitter and a receiver it allows you to easily achieve wireless sharing of HD AV data and enjoy unhindered hi-fi audio and visual effects.

Features:

- Use 2.4GHz ISM frequency band.
- 150 m transmission range without any restraint.
- 8 groups of selectable channels, it can effectively avoid interference from router and other wireless device.
- Support 1 group of AV input / output signal.
- Keep transmitter and receiver tuning on the same channel, it can support 1 transmitter and more receivers at the same time.
- Support DVD, DVR, IPTV, CCTV Camera, Satellite Receiver, Digital STB and other AV output devices.
- Support super heterodyne 433MHz infrared remote signal transmission, while Compatible for 38kHz support infrared control signal.
- Transmitter have built-in infrared broadcast signal or infrared transmission extension cable, so that you can do remote control the signal of DVD, DVR, STB, IPTV, and other device.
- Allows video transmission of PAL / NTSC and stereo audio transmission, received images are clear, flamboyant and stable.
- Full hardware design without installing any software, plug and play, simple and convenient.

Specifications:

- Frequency Band: 2.4GHz
- A / V Input Port: RCA
- Video Input Level: Vp-p (PAL / NTSC)
- Audio Input Level: 1.5Vp-p (dual channel)
- 433 MHz Sensitivity: -110dBm
- Carrying Frequency: 38 KHz
- Power Supply: DC 5V-1000mA

Transmitter		Receiver	
Frequency	2.4GHz	Sensitivity	-90dBm
Channels	8 Groups	Channels	8 Groups
Transmission Range	150m	Transmission Range	150m
A/V Input Port	RCA	A/V Output Port	RCA
1 Video input	1Vp-p(PAL/NTSC)	1 Video output	1Vp-p(PAL/NTSC)
1 Audio input	1Vp-p(Stereo)	1 Audio output	1Vp-p(Stereo)
Superheterodyne Receiver	-110dBm	Superheterodyne Transmitter	433.92MHz
Carrier frequency	38KHz	Carrier frequency	38KHz
IR Transmitting	≥5m	IR Receiving	≥10m
Power Supply	5V---1000mA	Power Supply	5V---1000mA

Package:

- 1 x Transmitter
- 1 x Receiver
- 2 x EU Power Plug Adapter
- 2 x AV Connecting Cable
- 1 x Remote Control IR Signal Extension Wire
- 1 x User Manual
