

Stage Lighting Outdoor 1200W

Technical parameters:

- Voltage: AC220V, 50/60Hz
- Power: 1200W
- Light source: HMI 1200W
- Range: 1KM
- Housing: Aluminum, sheet metal shell, with insulated coating
- Color Temperature: 6500K
- Color: 4 colors + White mix (Red, Blue, Green, Yellow and White are optional), 18 beams of colored light
- Beam: parallel beam, high-power cooling fan, multi-beam selection,
- Adjustment angle: horizontal 90°, vertical 45°
- Protection Level: IP56
- Lamp Luminous Flux: 7000 lm
- Working Temperature: -35 - 50 °C:
- Working Lifetime: 1000h
- Emitting Color: Changeable
- Light beam angle: 0.6 - 0.8°
- Pan scan angle: 0 - 100°
- Control: Built-angle swing adjustment device with a switch rotation direction of the beam
- Tilt scan angle: 45° by manual
- Size: 680 × 400 × 750 mm
- Function: Outdoor lighting, anti-rain and snow, can be positioned, pitch angle adjustable,

Applications:

- Garrett of high building
- Big hotels
- Skyscrapers
- Sports build
- Theme parks
- TV station,
- Holiday village
- Indoor outdoor performance

Made in China
