

Solar Lamp Wall

Description:

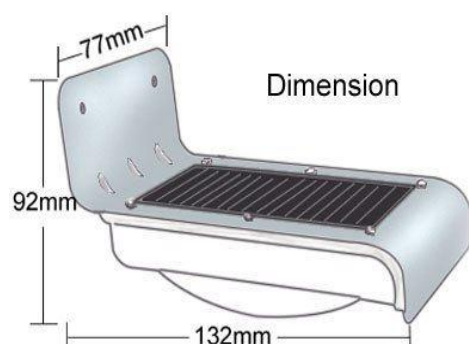

- This light with 0.55 Watt solar panel, 17% efficiency, collect solar radiation from the sun and actively convert that energy to electricity.
- It is easy to install and easy to maintain. Plus, it is built in 16pcs LED lights that produce high brightness light.
- It can illuminate your home, yard, driveway, patio and anywhere in which getting solar energy.
- The motion-sensing light is triggered when someone or something enters its 2-3 meters range within a 120° sensing angle.
- A potential intruder could be scared away by the sudden burst of light, or if you simply need a lit pathway after parking your car, this can function that way too.

Highlights:

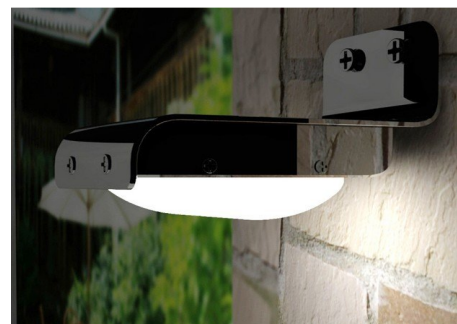

- Super Bright Solar LED Light,
- Completely solar-powered, uses free energy from the sun
- Up to 12 hours of operation on full charge. Easy Installation and no electrician wiring
- Light automatically turns on when motion is detected
- Rain-proof design, great for outdoor wall, garden, porches and anywhere you need additional light

Specifications:

Solar panel	0.55W, 17% efficiency
LED	16pcs LEDs, SMD3528 (1W lamp)
Li-ion battery	3.7V 800mAh
Lumens	100lm
Solar charging time	8 hrs.
Lighting time	over 12 hours after full charged
Switch	Yes, Switch inside for saving power during shipment
Lighting mode	Dark/DIM/bright
Auto identify day or night	Yes
Motion Detection area	2-3 meters within 120 degrees angle
Protect function	over charging, over discharging, over current, short circuit
LED span life	50,000 hrs.
Li-ion battery span life	500 circles
Solar panel span life	more than 5 years
Color	Silver
Dimension	132 x 92 77mm

0.55W Solar Panel

Made in China
