Specifications:

Model Number	DT-7416
Physical Dimension:	43x14.9x4.5cm
Weight:	2000g
Features:	250MHz bandwidth transmission of 40 meters, the highest resolution 1080P
Material:	Metal steel
Features:	Computer or other VGA output signals assigned to multiple HDMI display device or a projection display system
Application:	HDTVs, set-top boxes, players, projectors, high-definition monitors, etc.
Accessories:	VGA switch splitter products, a manual one, 5V / 1A power supply one certificate * 1

Made in China
